Sir, I have the honor to submit here
with an Estimate for Rs 68/= for con-
structing a granary in the Kalmanta
-pam of Sri Chenna Kesavaswami
temple at Belur, to store paddy equi
valent to 6754 seers of rice due an
-nually to the Hyder-

Hitherto much difficulty has been experienced in not having a proper stone house for storing the rice or paddy collected from the ryots at the harvest season and so, the practice of allowing the ryot to retain the quantity of rice or paddy with them alone till asked for, had been let on foot. finding that such a practice was the sole cause for the outstanding arrears of paddy due to the temple against the ryots and the consequent troubles concerning the same, it was thought necessary in the interest of the temple to collect the dues of the years at the harvest season only and this has been steadily

adhered to. But as no suitable
room is reported to be available
in the temple buildings for stor-
ing the collected paddy or rice,
some sum may be kindly record-
ed for constructing a granary
with a cost of Rs 68 which can
be met from the available
funds of Rs 3888-13-4 (at the close
of June 02) at the credit of the
temple

Sir,

Your most obedient servant

Hassan District

Belur, I have the honor to submit herewith a completion bill for Rs 72-13-u. It will be seen from the Amildar's report that two windows, not provided in the sanctioned estimate are placed as it was found necessary to insert them, so that at the time of storing, the dust may escape through them. Hence the excess by Rs 4-13-.

2 — under such circumstances, I request that the bill may kindly be sanctioned for Rs 72-13-u and forwarded to the Comptroller for audit and return.

3 — Vernacular papers ending with Belur Taluk Amildar's report No. 26 Dated 10th August 1903, are herewith submitted for reference and obliging return.
